EXECUTIVE SUMMARY

COMPANY OVERVIEW:

Water Birds Ltd. is a leader in water treatment, mega construction, and water treatment materials manufacturing. Previously, the water treatment, household and office use, wastewater, sewage, and effluent treatment sectors in Bangladesh were dominated by foreign companies, which charged excessive fees for installation and maintenance. Water Birds Ltd. has developed a highly skilled workforce, demonstrating that a local company can deliver the same level of service with equal quality at half the cost.

Through consistent effort and dedication, Water Birds Ltd. has earned the trust of the nation and emerged as a market leader in water treatment. The company's management, with its innovative thinking and commitment to fostering a strong corporate culture, has established harmonious relationships between workers and leadership. This unity has made Water Birds Ltd. a unique player in the Bangladesh market, with its remarkable growth standing as proof of its success

MANUFACTURING ITEMS

HDPE Pipe

We Produce High Density Polyethylene (HDPE) pipe which is available in ISO-4427 standard like PN-8, PN-10, PN-12.5 and PN-20 by using 100% virgin HDPE materials (GRADE PE-10). WBL HDPE pipes have an average life of more than 50 years under normal temperature and pressure. WBL HDPE pipes are available in different size 20mm to 500mm. We also produce HDPE pipe as per customer specification.

Pressure Vessel

Fiber Reinforced Plastic (FRP) pressure vessels have become increasingly popular in industrial water treatment applications due to their excellent corrosion resistance, lightweight construction, and long service life. This catalog presents a range of FRP pressure vessels designed to meet the specific needs of various water treatment processes.

Water Tank

We Produce LLDPE and HDE water storage tank with different size. We offers premium water storage solutions designed to meet your household and industrial needs.
